

UNIVERSITY OF
WOLVERHAMPTON

Pre-Arrival Guide 2024

For International Students

wlv.ac.uk/international

“We look forward to your voice adding to the diverse cultural makeup of our University, city and region.”

Welcome

Welcome to the University of Wolverhampton and the start of your university experience, which we know will be both exciting and life-changing.

You are joining our diverse academic community of over 24,000 learners from all over the world, whose lives and future careers are being shaped by their studies with the University of Wolverhampton. We are a diverse and inclusive institution, extremely proud of the backgrounds and achievements of our students and staff. This pride is embedded in the University's DNA, and we are delighted that you have chosen to join us.

We will provide you with many opportunities to add value to your time with us. Whether you do so by joining a student society or one of our sports teams, or undertaking a work placement, I would encourage you to take advantage of these valuable options. Our engaging community of curious students has a wealth of experiences to learn from and share. You'll also benefit from our local, national, and international links, preparing you for a bright, profitable future.

Your time at university provides you with a unique opportunity to expand your global network that will stay with you well after graduation. We look forward to hearing and learning about your successes as a graduate and sharing your experiences to inspire the next generation of students.

Our Student Services, Students' Union, and your academic Schools will support you throughout your time with us. Please do not hesitate to contact us for advice and support, as we are here to help.

We encourage you to be who you want to be, and wish you the very best during your time with us.

Sergine Monple

Director of Student Recruitment

Before you arrive: fees and living costs

Deposits

As an international student, in order for our admissions team to begin the process of assessing your suitability to secure a student visa and be issued with a Confirmation of Acceptance of Studies (CAS) letter, we will require you to pay a deposit.

Your deposit amount will have been communicated to you in your unconditional offer letter, if you haven't yet received an unconditional offer and you hold a conditional offer you are not yet ready to pay your deposit.

Please be aware that your payment amount will take into account any scholarships you have been awarded in your CAS letter.

Paying your university fees

Note that all payments should be made in pounds sterling. Once you have paid your deposit and secured your visa, you may want to pay your remaining tuition fees before you leave home.

How to pay

[Convera](#) is our requested payment method for deposits to ensure that you are able to begin the process or requesting your CAS letter in e:Vision. Convera is a fast and reliable service that allows you to pay in your local currency via bank transfer or by using a wide range of local online payment options including Alipay, UnionPay and more, without incurring any transaction charges.

Gain peace of mind that your payment will arrive in full with our preferred payment service.

Convera:

- Pays fees in your local currency
- Avoids fees and international foreign exchange charges from your bank
- Is easy to use on smartphones and other mobile devices
- Lets you rest assured knowing your payments are received in full by the University
- Lets you track your payment status by text and email
- Gives price and payment options upfront with a price comparison tool

All payments should be made payable to 'The University of Wolverhampton'.

Please remember cash should not be sent through the post and will be not be accepted for payment of fees and accommodation.

[Find out more about available discount schemes, scholarships and financial support for international students](#), visit our dedicated webpage.

Living costs

All students must provide UKVI with evidence they can pay their living costs, maintenance, and tuition fees.

- ◆ You will need to provide evidence of 9 months of living expenses at **£1,023** per month (**£9,207** per year).
- ◆ If your course lasts for less than nine months, you will need **£1,023** per month of the course (eg. for six months, you need **£6,138**). Remember: this is in addition to the outstanding balance of your tuition fees.
- ◆ If you will be bringing dependants with you to the UK, you will also need to meet a financial requirement as part of your visa application. Dependants are required to have **£680** per month (e.g. **£6,120** for a nine month course or **£4,080** for a six month course).

Before you arrive: important documents

It's important that you remember to bring certain items with you and make some necessary arrangements before travelling.

1. Offer/Confirmation of Acceptance for Studies (CAS) statement

This is the final confirmation of your firm acceptance of your unconditional offer onto the course of study, issued by the Admissions Unit. Your CAS statement will be made available to you through e:Vision and it will include:

- ◆ your personal details
- ◆ your CAS number
- ◆ details of the course you intend to study
- ◆ details of the qualifications you have used to apply for the course
- ◆ confirmation of the tuition fees and how much you have already paid
- ◆ the University of Wolverhampton Sponsor Licence Number and address.

You may request a CAS statement once you have met all the conditions of your offer.

2. Passport

The documents required to enter the UK are different depending on which country you come from. You must have a valid passport or travel document to prove your identity.

3. Financial evidence

You must provide a bank statement that **covers 28 days**. The money must be held in an acceptable bank account. This would usually be an account in your or your parents' name(s). It may be possible for funds to be held by your spouse if you meet the criteria set by the Home Office. It must be a personal account, it cannot be in a business account. You may also be in receipt of official financial sponsorship.

If you are using your parents' bank account, you will also be required to submit extra supporting documents with your application, such as your birth certificate and an additional letter from your parents confirming their relationship to you and that they give you their consent to use their account for funding your studies and living costs.

The money must be in the account at the time you apply for the visa and must have been constantly in the account for a minimum of **28 days before the date of your visa application**. The final closing balance cannot be more than **31 days before the date of your visa application**.

4. Visa/entry clearance

Immigration rules and the requirements for each visa category can change with very little notice so always make sure you check the current guidance at the time you are getting ready to apply.

Generally, most international students will need a Student Route visa to study in the UK but you can also check the Government's [Visas and Immigration webpages](#) as they have further details about the types of visas available and who they are suitable for.

There may also be other requirements you need to meet, such as having a tuberculosis (TB) health certificate or Academic Technology Approval Scheme (ATAS) certificate. These requirements may depend on your nationality or the course you intend to study.

When and how to apply

The application process will be online or paper-based, according to which country you live in. To check which procedure is relevant for you, please visit: gov.uk/check-uk-visa

You can apply for the visa at any time in the three months leading up to your course start date. We strongly advise you to apply as early as possible as it may take longer than expected for the Home Office to process the application. It is your responsibility to allow yourself enough time for your visa to be granted before you make your travel arrangements. Make sure you don't lose any information by saving your application regularly. Once you've finished, we suggest you save a copy of the application form for your records.

Our [Applying for a Student Visa page](#) has detailed information about applying for a visa. The application form is completed online and then you will need to attend an appointment in order to have your biometric data captured and to submit your documents/attend an interview. This [UK visa application from India](#) video on vimeo.com is also aimed at helping international students understand the visa application process.

To apply for your Student Visa entry clearance overseas, you will need to find your [closest Visa Application Centre](#) and check with them what their procedure for visa applications is.

To apply for your student visa in the UK, you must first make an appointment with our [Visa and Immigration Support team](#) for an assessment of your documents. You will then be given assistance with the online application. Please remember other documents required (originals only) are:

- ◆ your passport or travel document, valid for at least six months after your date of departure for the UK
- ◆ two recent passport photographs
- ◆ your CAS letter
- ◆ financial evidence to show that you have enough money to pay for your tuition fees and living expenses. This is equal to the remaining tuition fees you need to pay for the year, plus £1,023 per month for at least the first nine months of study.

[Please see how living costs are calculated for visa purposes here.](#)

Your visa responsibilities

If you hold a Student Route visa for study at the University of Wolverhampton, both you and the University have responsibilities to the Home Office during your studies and we must work together to make sure you meet the requirements of your visa. These responsibilities are detailed on our [Your Responsibilities page](#).

Please note, it is a requirement of your visa that you attend your lectures and submit coursework. Failure to attend regularly and to submit coursework will result in your visa sponsorship being withdrawn, and your visa will be curtailed.

Bringing your family to the UK

Only some students are permitted to bring family members to the UK as dependants.

If you're planning on moving to university from a country outside the UK, you'll need to apply for visas for your children or spouse to join you.

You can bring your family to University in the UK if:

- You're government-sponsored and your course is full-time and longer than 6 months OR
- You are doing a postgraduate level full-time course of 9 months or longer

You'll want to get your family's visa process started as soon as possible before you come to the UK and also find places for your children in local schools and nurseries. The sooner you prepare, the easier the transition will be.

The UK Council for International Student Affairs (UKCISA) has a full guide to bringing your family to the UK.

When bringing your dependants to the UK is right for you.

- ◆ You have arranged suitable housing for you and your dependants (e.g. an apartment flat where more than one person is allowed to live).
- ◆ You have someone who can reliably care for your child while you are studying (e.g. a partner or hired child carer).
- ◆ You are comfortable being on campus without your child and partner (e.g. when attending lectures and using the library and other facilities).
- ◆ You can support yourself and your dependants financially – or they are able and permitted to support themselves – throughout your studies.
- ◆ You have read the information on immigration permission for family and supporting your dependants in the UK and made the required arrangements.

[If you are planning to bring your family with you to the UK \(or they are already here and you haven't told us about it yet\), please complete the *Bringing your family to the UK* form.](#)

This will help us to support you and ensure you are kept up-to-date with relevant information and events.

If you have any queries, email the Visa and Immigration Team on visa-enquiries@wlv.ac.uk if you have any questions or concerns about your visa.

Before you arrive: accommodation

Please ensure that you have booked and/or secured your accommodation before you travel to the UK.

It is important that you live within a reasonable distance of the university so that you are able to attend all of your lectures. This will be checked during enrolment.

The University of Wolverhampton has over 1,000 accommodation places across three of our campuses. All our halls of residence are located close to the campuses and are owned by the university. We aim to provide value for money accommodation, with a safe and a comfortable living environment.

Living in halls makes it easier for you to start your university life and make friends. All halls are self-catered and are equipped with free internet Wi-Fi access, study space and storage.

Students can apply for accommodation once they receive a conditional offer for their course, this can be done via the e-Vision system. If you have any queries please email the Accommodation Hub: cityaccommodationhub@wlv.ac.uk or call: +44 (0)1902 321 268.

Our accommodation is within easy walking distance from your lecture rooms, and you can also use the free shuttle bus to get between campuses.

For student safety, there is 24-hour security, CCTV on every campus, and rooms fitted with smoke alarms and secure locks.

Applicants can find all the information about accommodation, including current fees, what's included, and how to apply at: wlv.ac.uk/accommodation

Note: Please ensure that you book and pay your advance rent payment prior to you arriving at University Accommodation, if you do arrive on campus and have not prebooked your University Accommodation, please be advised that you are not able to make any cash payments on campus.

Family Accommodation

We do not have accommodation on campus for cohabiting couples or families. Student accommodation usually provides single study bedrooms which are suited to individual students.

Further information on university accommodation can be found on our webpages: wlv.ac.uk/accommodation

Accommodation services opening hours

City Campus Accommodation Hub

Out of hours

If you need assistance out of office hours, you can contact our friendly security team at any time. They operate a central service and can be contacted 24/7 on tel: 01902 322 106.

Your journey to Wolverhampton

Make sure you label your luggage with your new UK address. UK weather can change very quickly – so make sure you pack a variety of clothes – but don't worry, there are many options for shopping if you need them. You can also buy any heavier items you might need in the UK.

Please check the UK Customs list of food items you can and cannot bring. We highly recommend arranging appropriate travel insurance.

Important documents

You may need to show some documents at immigration when you arrive into the UK – it's best to carry these in your hand luggage when you travel. These may include:

- ◆ your passport (with visa)
- ◆ your CAS letter and unconditional offer letter
- ◆ your original examination certificates as stated in your CAS letter
- ◆ any medication that you are currently taking, medical certificates and records
- ◆ your accommodation contract
- ◆ evidence of your finances for your tuition fees and living costs.

Travelling to Wolverhampton

Birmingham International Airport is the closest airport to all University of Wolverhampton campuses. From Birmingham International, you can travel to the University by:

- ◆ **Train.** The airport railway station has frequent, direct services to Wolverhampton (about 45 minutes) and good connections to Walsall (about 45 minutes) and Telford (60-80 minutes).
- ◆ **Coach.** Find current services and timetables at **National Express**.
- ◆ **Taxi.** An official 24-hour taxi rank is outside arrivals, with a taxi journey to the University of Wolverhampton taking approximately 30 minutes. Taxis can be very expensive – to book your taxi in advance and potentially save money on the metred fare, pre-book online.

Airport Meet and Greet from Birmingham Airport

If you are arriving at Birmingham International Airport there will be coach transport available to take you to the University campuses. Book here: www.wlv.ac.uk/international/international-arrival-form/

Wolverhampton train and coach stations are a few minutes' walk to the University's City Campus. Randall Lines and Lomas Street/North Road accommodation is within 1 kilometre of the city centre.

The city has good transport links, including regular buses and trains, to Walsall and Telford. For more advice on how to make your way to the University, please contact the **Global Opportunities Office**.

When you arrive

Welcome to the University of Wolverhampton!

Collecting your keys

If you are staying in university-owned accommodation, you will have received information from Accommodation Services about moving in to halls of residence. If you have any questions – or perhaps need to move into University halls before your contract start date, contact Accommodation Services: accommodationservices@wlv.ac.uk

If you intend to live in a private house, or private halls of residence, you will need to arrange details directly with your landlord.

Collecting your Biometric Residence Permit (BRP).

Your visa decision letter will state which post office your BRP has been delivered to, and you should collect your BRP from that post office. If it is the Wolverhampton post office, it is quite close to both the University campus and to the train station. If you have a smartphone, you will be able to access walking directions from one of the mapping applications. Alternatively, you may wish to find directions on the internet before you travel to the post office.

The address of the post office in Wolverhampton is 31 - 49 Lichfield Street, Wolverhampton, West Midlands, WV1 1EQ.

Opening a bank account

There are many banks with branches in Wolverhampton, and some offer special deals to students. To open a UK bank account, you will need to be fully enrolled and will need your:

- ◆ passport
- ◆ 'Letter of Introduction to UK Banking Facilities'. You can request this through e:Vision once you are fully enrolled.
- ◆ Biometric Residence Permit (BRP)

Health centre registration

We strongly advise you to have valid medical insurance in your home country and we recommend that you contact your own health insurer for further advice before coming to the UK.

As long as you are enrolled on a course lasting for more than six months, you will be entitled to National Health Service (NHS) treatment in the UK, but you must be registered with a local doctor known as a general practitioner, or GP. To make registration easier, bring the following:

- ◆ Immigration Health Surcharge (IHS) number
- ◆ your TB health certificate and any chest X-rays if these are required for your visa
- ◆ details of all vaccinations that you have received
- ◆ medical records if you have any pre-existing conditions (with English translation)
- ◆ any medication that you are currently taking (including a letter from your doctor in English, confirming which medication you are carrying).
- ◆ Biometric Residence Permit (BRP)

There is a charge for prescribed medicine and some services such as dentists and opticians. You may be able to get a reduction for some medical costs by completing a HC1 form. The Students' Union will be able to give you more information following enrolment.

Local doctors

Thornley Street Surgery - 01902 688 500 (City campus)
Lichfield Street Surgery - 01922 620 532 (Walsal campus)
Shifnal Medical Practice - 01952 460 414 (Telford campus)

Multifactor authentication

Multifactor authentication (MFA) adds an additional layer of security to your University Microsoft 365 account (email, calendar, Teams), myWLV app and the virtual learning environment (Canvas), and proves you are the person who is authorised to access your account. If your password gets stolen/lost and used, with MFA in place on your account, you can be reassured that your information is safer.

IMPORTANT! You will need to have set up MFA before you can access your timetable in myWLV app.

Enrolment instructions

Enrolment will be available closer to your course start date. Before you enrol, you must register for an IT account. Once you have accepted the terms and conditions for using our IT services, you will be able to continue with your enrolment. Once you are registered, you can enrol

- ◆ Login to your [e:Vision account](#).
- ◆ Follow the Enrolment link and the instructions on screen.
- ◆ You will be prompted to enter your personal and contact information, including uploading a copy of your passport and visa to your record. Please make sure that your details are up-to-date, as details you provide will be used to contact you.
- ◆ Check that the details of your course and fee status are correct. Once all this is complete, you can go ahead and confirm your enrolment!

Online enrolment

Whilst waiting for your visa decision, you can start your online enrolment on e-Vision. To complete your full enrolment, you will need to complete an ID check on campus.

Online ID check

To complete your full enrolment you will need to complete an ID check. You will not be able to do so until you have collected and uploaded a copy of your Biometric Residence Permit. However, you can start studying before this if your BRP is delayed and your course has already started, as long as you have completed your online enrolment. You will need to upload a copy of your passport, vignette (it is important that this is stamped at the airport when you arrive), and the front and back of your Biometric Residence Permit once you have collected it.

At this point you will also be required to provide the address where you are staying, and this should be close to the university, and you may also be required to pay your first instalment of tuition fees.

Enrolment hubs

To ensure you can access everything you need during your studies, all students must complete enrolment, including ID checks and any additional tasks for your course, at the beginning of each academic year. If you need support, drop into one of our on-campus enrolment hubs.

Other information

Arrived in Wolverhampton and explored the city? All settled in to university (and British) life? The following information will help you feel even more at home.

Mentoring

The Students' Union offers an orientation and mentoring service to first year students – with support from Welcome Week and beyond. Your mentor can help with issues such as personal development and time management; provide a friendly face to voice concerns; and offer you a chance to practise your English and settle into university life.

University Library

Developing academic and employability skills is key to your success. We offer a full programme of opportunities to help you develop your skills and access to valuable information to support your assignments, essays and projects. For more details, visit: wlv.ac.uk/skills.

The Chaplaincy

The Chaplaincy team, including male and female members, are drawn from different faiths. Offering guidance and support, we aim is to listen to you and encourage you to discover your own path in faith and in life. There are opportunities to join in a variety of activities such as faith societies, international café events and visiting British people in their homes at Christmas time. For more details, visit wlv.ac.uk/chaplaincy.

Careers

Our team of careers advisors can help you investigate your future career options. We offer practical support at all stages of your job applications. For more details, visit wlv.ac.uk/careers

Working on campus

The University of Wolverhampton offers opportunities to gain work experience on campus. Discover opportunities for jobs and placements [WXP programme](#)

Part-time working

As an international student, you may be able to work part-time during your studies, depending on what type of visa you have. Part-time work is valuable not only for financial support while you are studying, but also to enhance your CV and demonstrate transferable skills to potential graduate employers.

Please note: if you have a Student Visa and are on a full-time degree-level course, you will usually be permitted to work for 20 hours per week during term-time and full-time in holiday periods. Some types of work, such as entertainment, are not allowed under a Student Visa. To book an online appointment with the visa and immigration support team, please go to [University of Wolverhampton Visa Team \(office365.com\)](http://University of Wolverhampton Visa Team (office365.com))

If you have a Student Visa, and are on a course below degree level, you can only work for 10 hours per week during term-time and full-time in official university vacations.

Please remember international students on a Student Visitor visa are NOT permitted to work in the UK.

Conditions of your Student Route visa for part-time working

If you have a Student Route visa, there are certain rules that the University and students have to follow. Your visa will be withdrawn by UK Visas and Immigration, and you would be required to leave the UK if you break the rules, even if you have not completed your studies.

UK Visas and Immigration regularly make changes to the Student Route visa category that may affect your status retrospectively. The University will keep you informed of all the changes.

If you have any questions or require support or advice about any visa or immigration issues, please contact:

Visa and Immigration Support Officer
visa-enquiries@wlv.ac.uk

To book an online appointment with the **visa and immigration support team**, please go to [University of Wolverhampton Visa Team \(office365.com\)](http://University of Wolverhampton Visa Team (office365.com))

The definition of 'holiday' for visa purposes will also vary according to what course you are doing.

- ◆ Undergraduate students have a holiday period at Christmas, Easter and in the summer.
- ◆ Postgraduate students have a holiday period at Christmas and Easter, but not the summer, as this is when you will usually be writing your dissertation.
- ◆ PhD students will be able to take short periods of leave from their PhD with the permission of their supervisor.

PhD students are expected to be studying on a full-time basis, year-round, so do not have standard vacation times. As such, we advise PhD students are restricted to working up to 20 hours per week throughout the course.

Don't forget that studying full-time is just like having a full-time job – your studies should be your priority!

Please be aware you must apply for a National Insurance number before you can work in the UK. You can access information about applying for a National Insurance number on the [Home Office website](#).

Help and advice

If you're not sure who to talk to, or contact, then ask at any of the offices below – if we can't help you, we know someone who can!

e:Vision Helpdesk

Our online Office Helpdesk, available through e:Vision, allows you to view Frequently Asked Questions or log a new help call if you cannot find an answer. We will confirm receipt of your query and send you an email advising you when we have resolved this.
